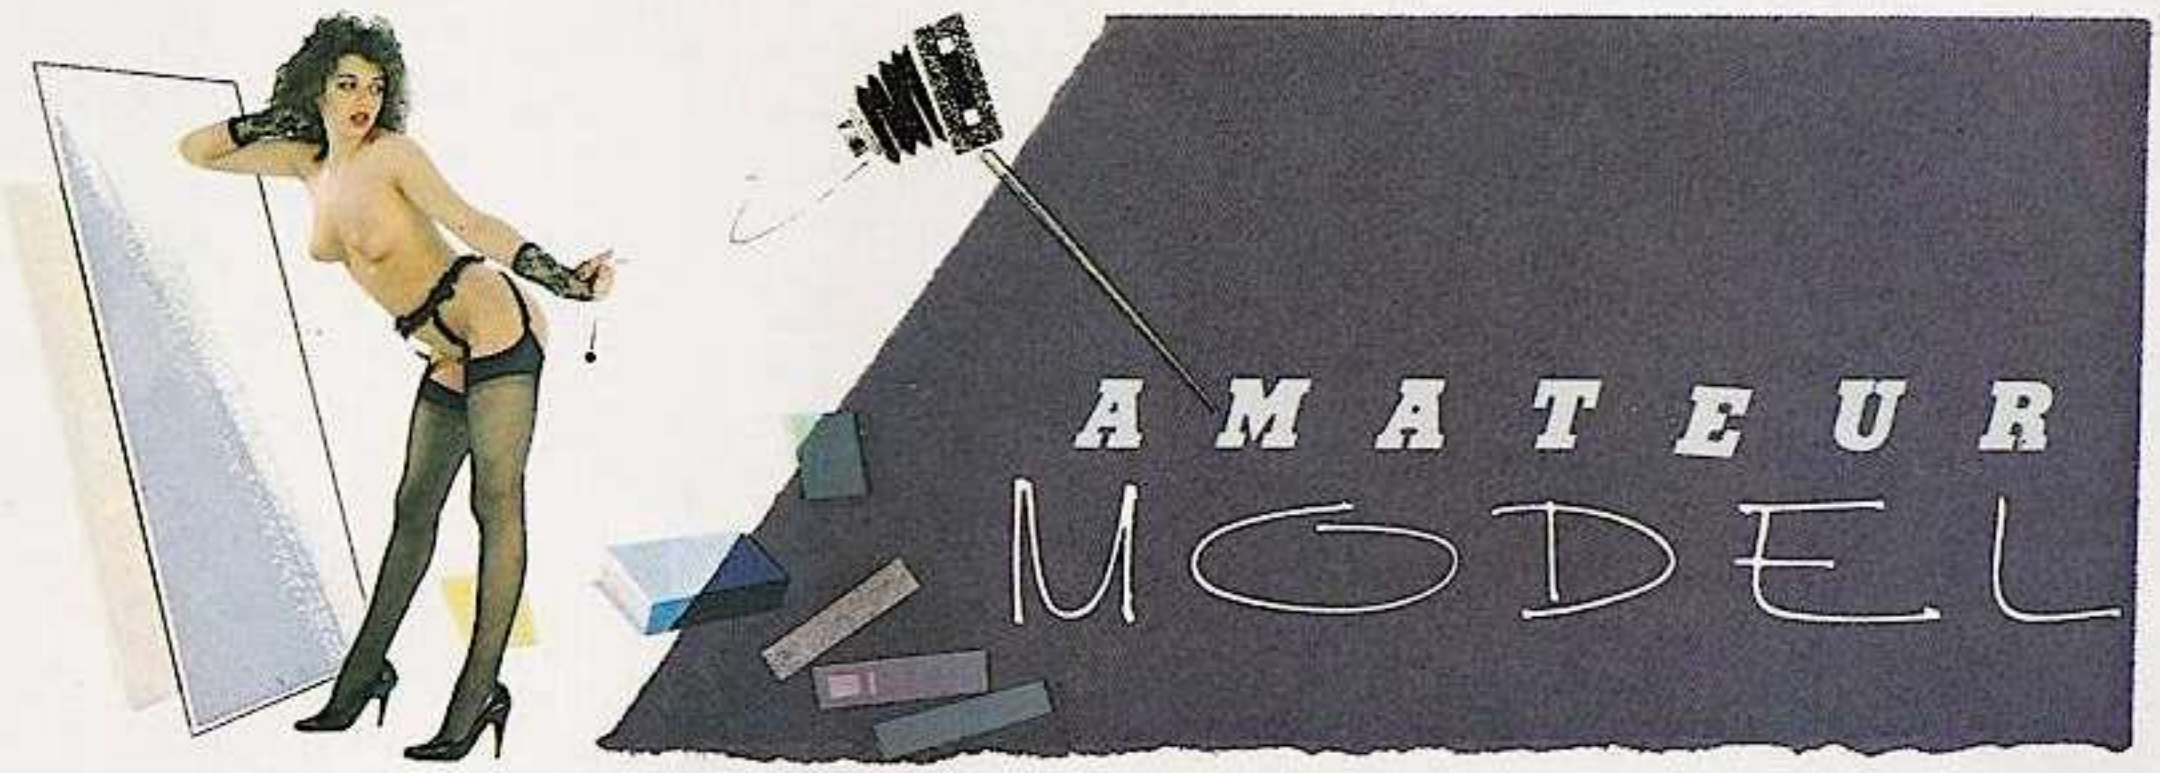
THE KNAVE INTERVIEW:

GEORGE BEST

REFLECTIONS OF A SUPERSTAR



This girl did it — so could you. If you think you could make it as one of our Amateur Models, fill in the form below and send it in with a few rude nude pictures of yourself. Polaroids will do, at least two completely nude — front and back view.

If we like the photos you send us, we'll invite you to our studio for a day's modelling — and pay you £200! And we'll pay £25 to whoever took your photos. We provide a professional make-up artist and photographer — and an enjoyable day out! Come on, girls, let's see your photos!

Now, there may be some doubting John Thomases out there who, at this very moment, are saying: "She's not an Amateur! I've seen 'er in other mags!" Maybe so, but, honest, guv, we 'ad 'er first! As has happened many times before, after we have introduced a young lady to the pleasures of modelling they develop a taste and . . . they just can't stop! But this was Clare's very first modelling job — and very good it is too. She's 20 years old, 5' 3" tall, 35-24-36, and spends her working days playing with word processors in an insurance office in Plymouth. Even the parrot in his cage (far right) fell for her. Off his perch, in fact.

DELILAH

The art department were working on the principle that you'd rather have bigger pics than a lot of blurb from me — that's why there's hardly any space to tell you very much about the delectable Delilah. Lucky in a way, it saves you a lot of awful cracks about her being a hairdresser, and about her boyfriend Samson.

Just enough space then to tell you she's from Suffolk and, oh hell, it won't all fit . . .

Irena

Lot of bloody help these Editors are when it comes to writing about the girls . . . "oh, she's some Frog" was all he could be persuaded to add to the conversation, but to give him his due he was up to his knees in photos and his new, super-dooper electronic typewriter was bleeping at him at the time.

Anyway, it didn't take long to discover, (it couldn't, could it? The pub was opening in ten minutes), to find out that the lady is called Irena, and that she comes from a tiny town called L'Aber-vrach on the Brittany coast.

If you've ever been there you'll know that's the reason she doesn't have the kind of tan you might expect from a French lady. It's perishing cold and windy in Brittany — like Cornwall, but worse. The crabs are wonderful, though . . . sorry, didn't mean crabs as in crabs, but crabs as in spiny things with legs and shells.

The photos, by the way, were taken in Irena's little bijou Fisherman's cottage not far from the café on the quay, and opposite the shellfish warehouse, so see if you can find it next time you're in that part of the world. What time's the next ferry?

JACQUI

You've seen Jacqui before — if you haven't we hope you wish you had done. She was our first Amateur Model of the year, in Vol. 18 No. 1, and judging by the letters we've received she's your favourite as well. We all agreed with R.M. from Middlesex who said that "she was one of those girls that you could fall in love with at first sight." Well, maybe not all of us shared those sentiments exactly, just the Assistant Editor . . . Anyway, we thought Jacqui deserved some reward for gaining such a great response to her debut in Knave, so, lucky girl, we packed her off with photoman Raphael and his crew to the Baja desert in Mexico for a luxury location shoot. It was hot, it was hard, but we did the business. (And if you believe these pics were really shot in Mexico, you'll believe the Editor is a teatotaller . . .)

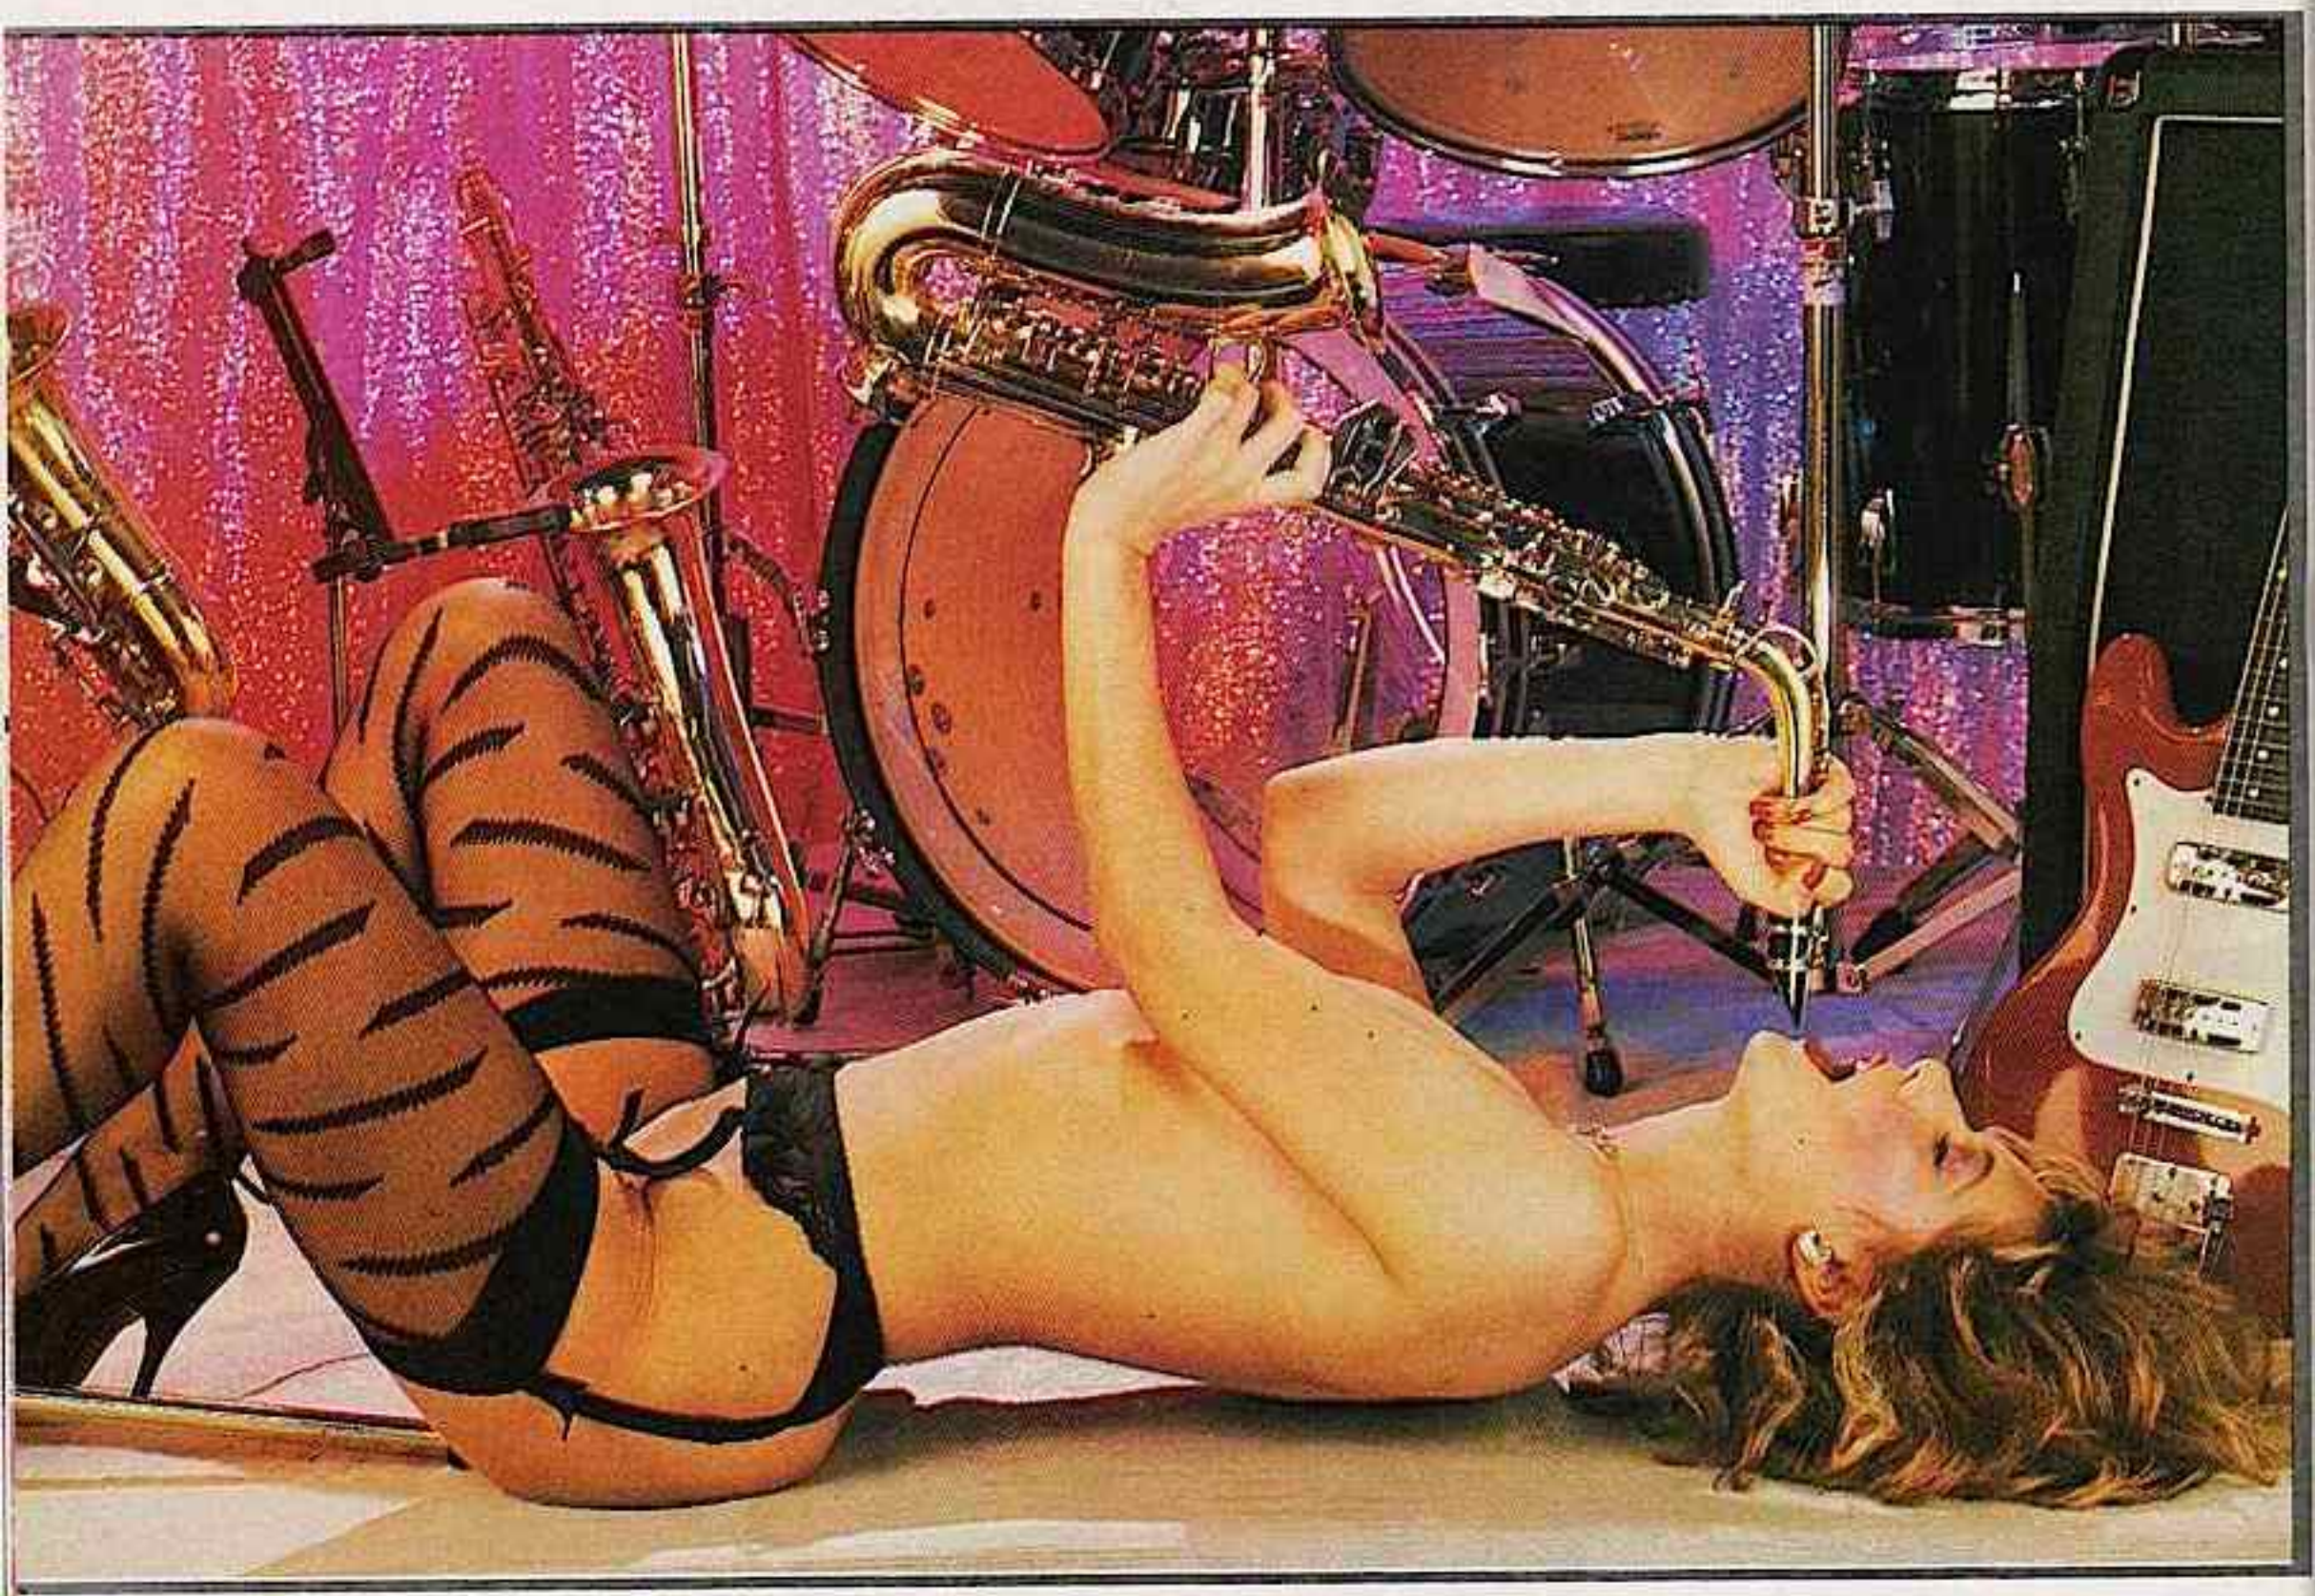
KNAVE MAGAZINE

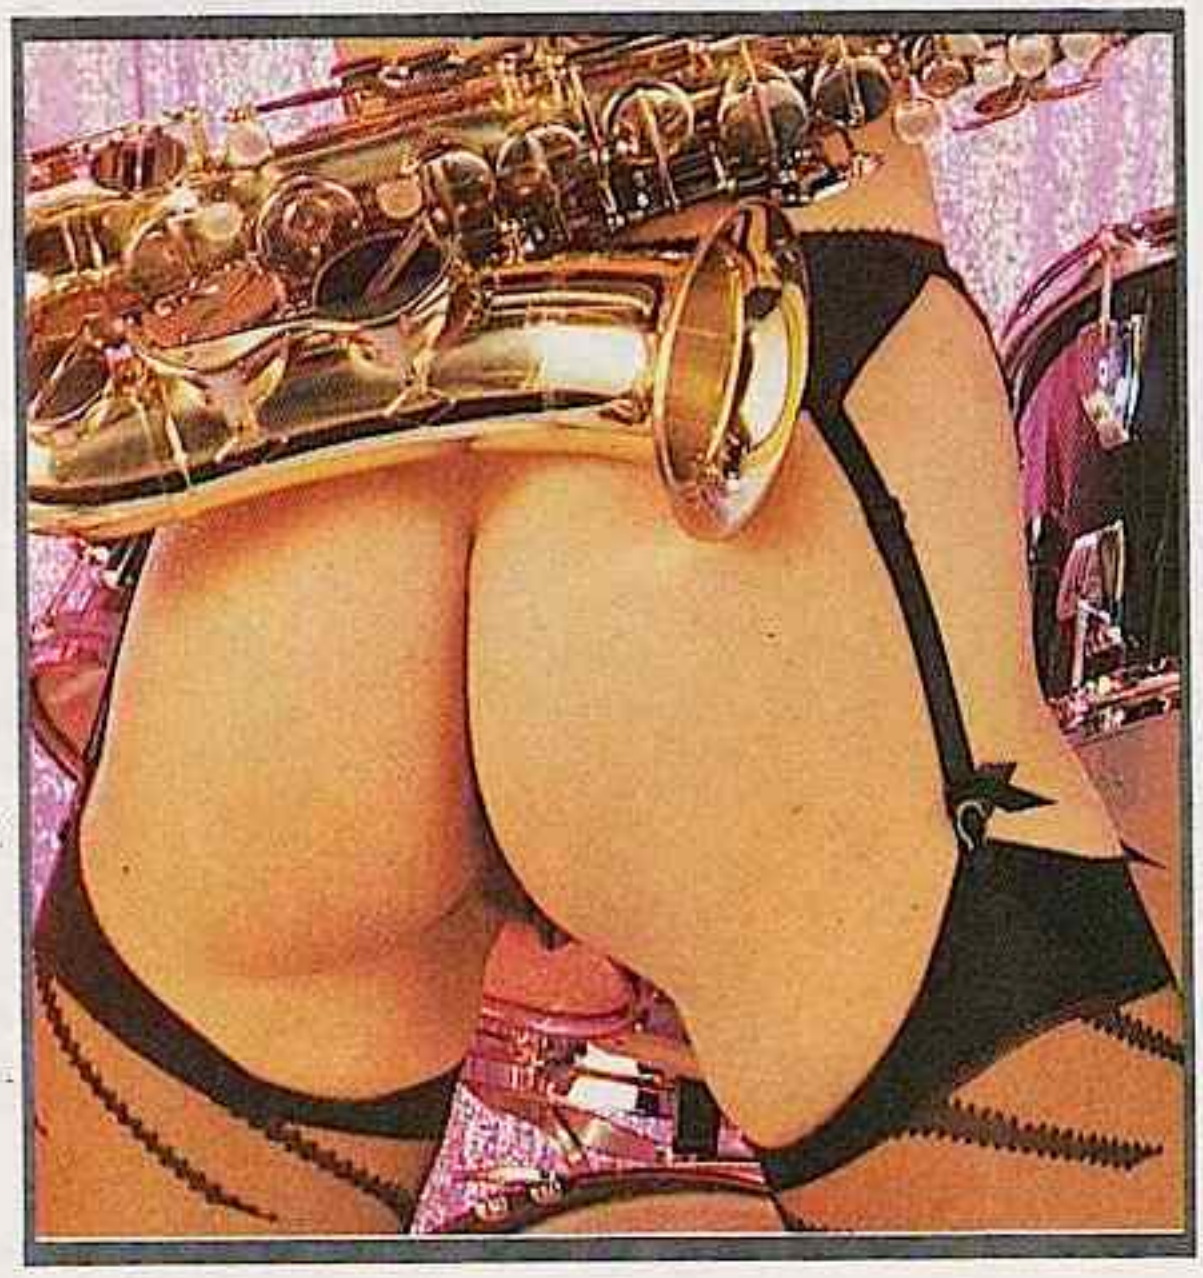
Now here's something you won't see on Top of the Pops, which is a bit of a shame, really. I wonder if the Beeb knows what something like this would do to their ratings? Never mind, until they do wake up you've at least got the lovely Linda-Lee to show you what it could be like . . .

LINDA - LEE

PHOTOGRAPHED BY JOHN COPTHORNE

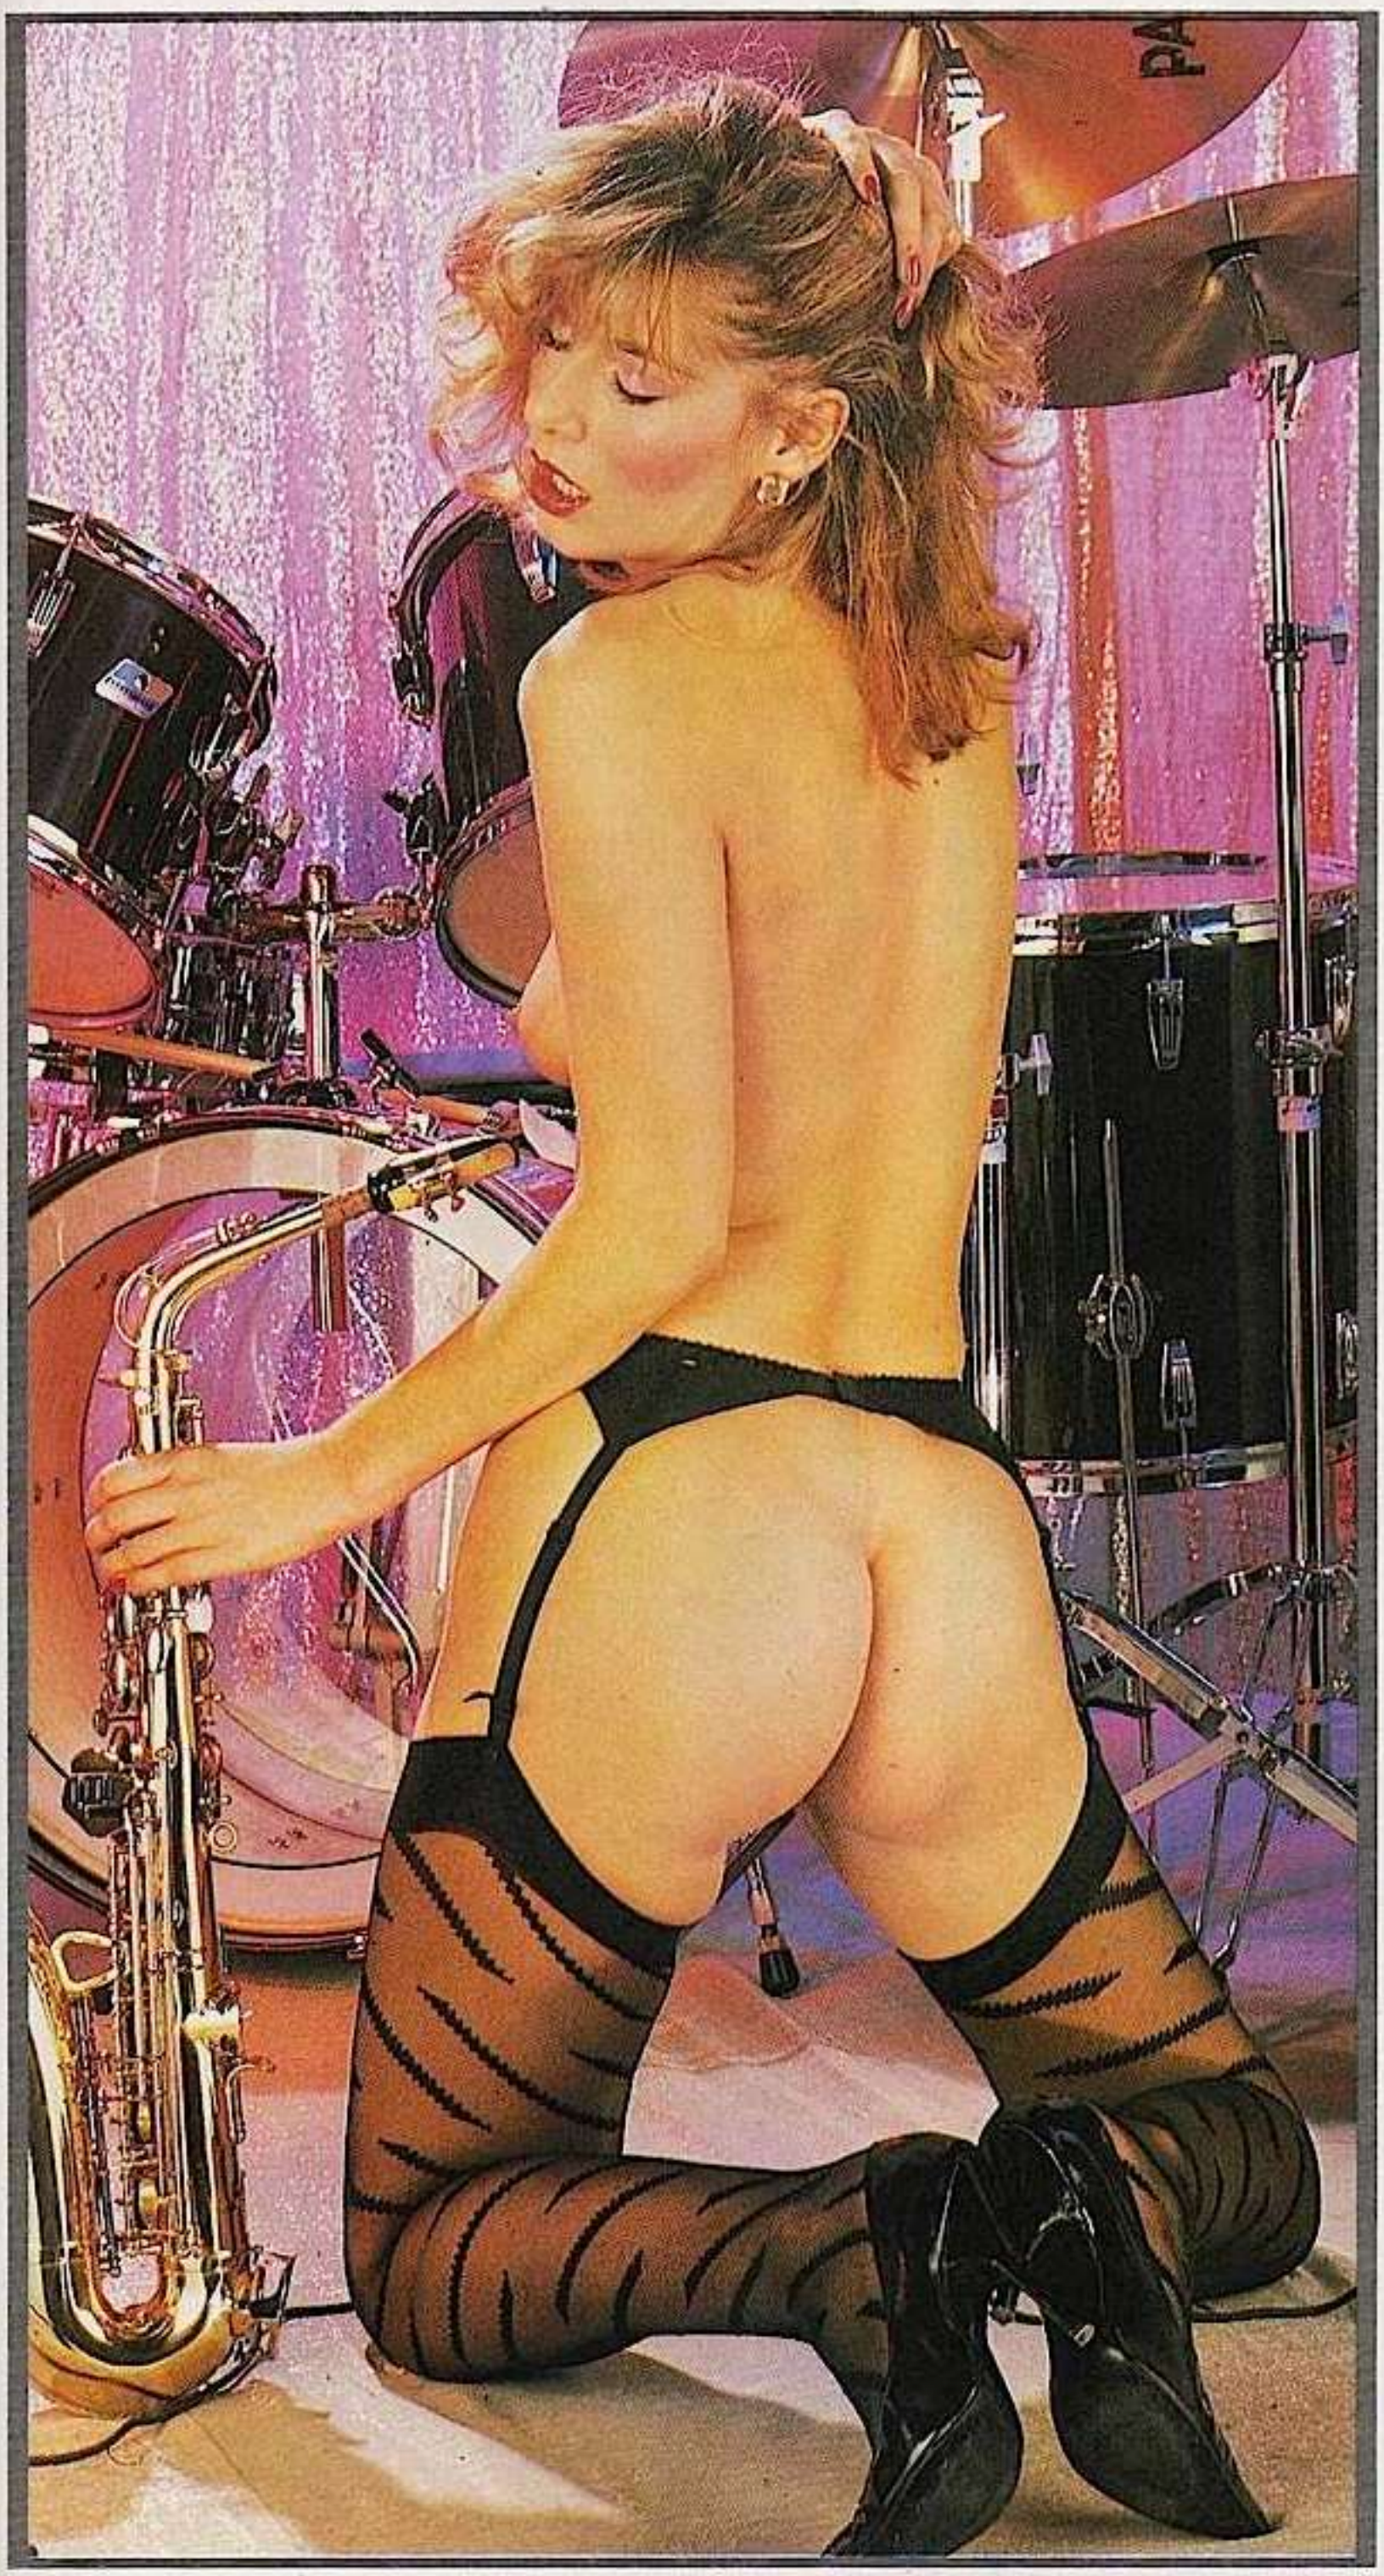
Linda-Lee is actually quite musically inclined, and she turned in a good performance on the microphone and a . . . well, let's call it a 'fair' showing on the saxophone. She says that it's not really her singing that the customers come to hear anyway, as she hints that she has a reputation for getting a bit 'carried away' on stage . . .

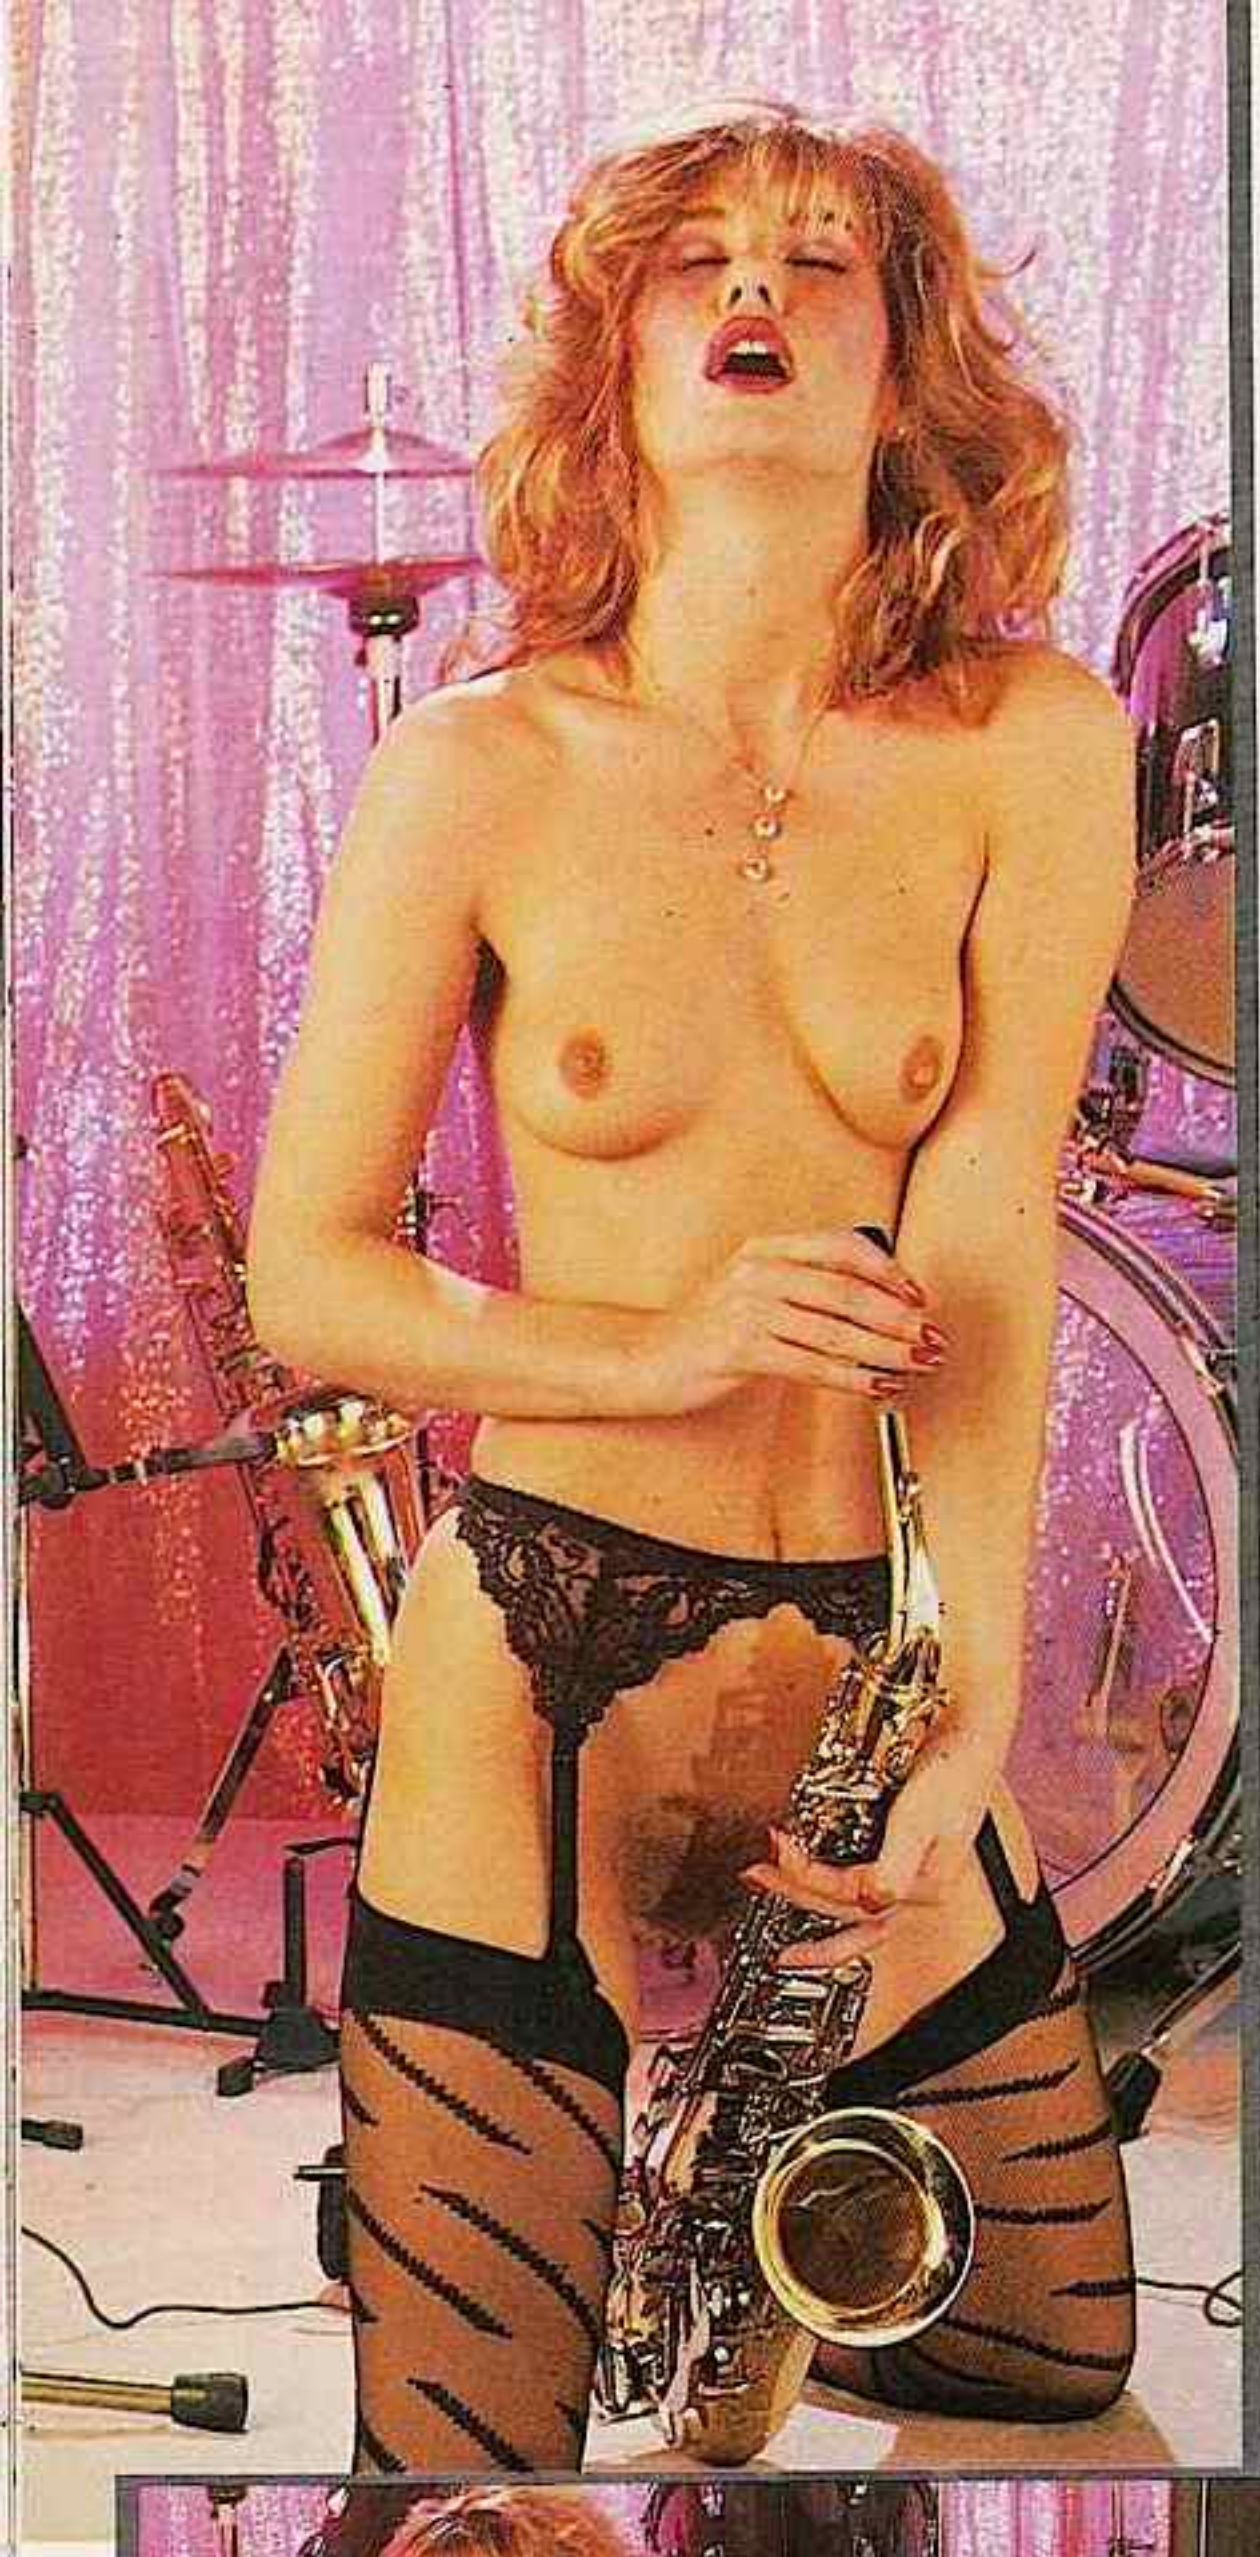


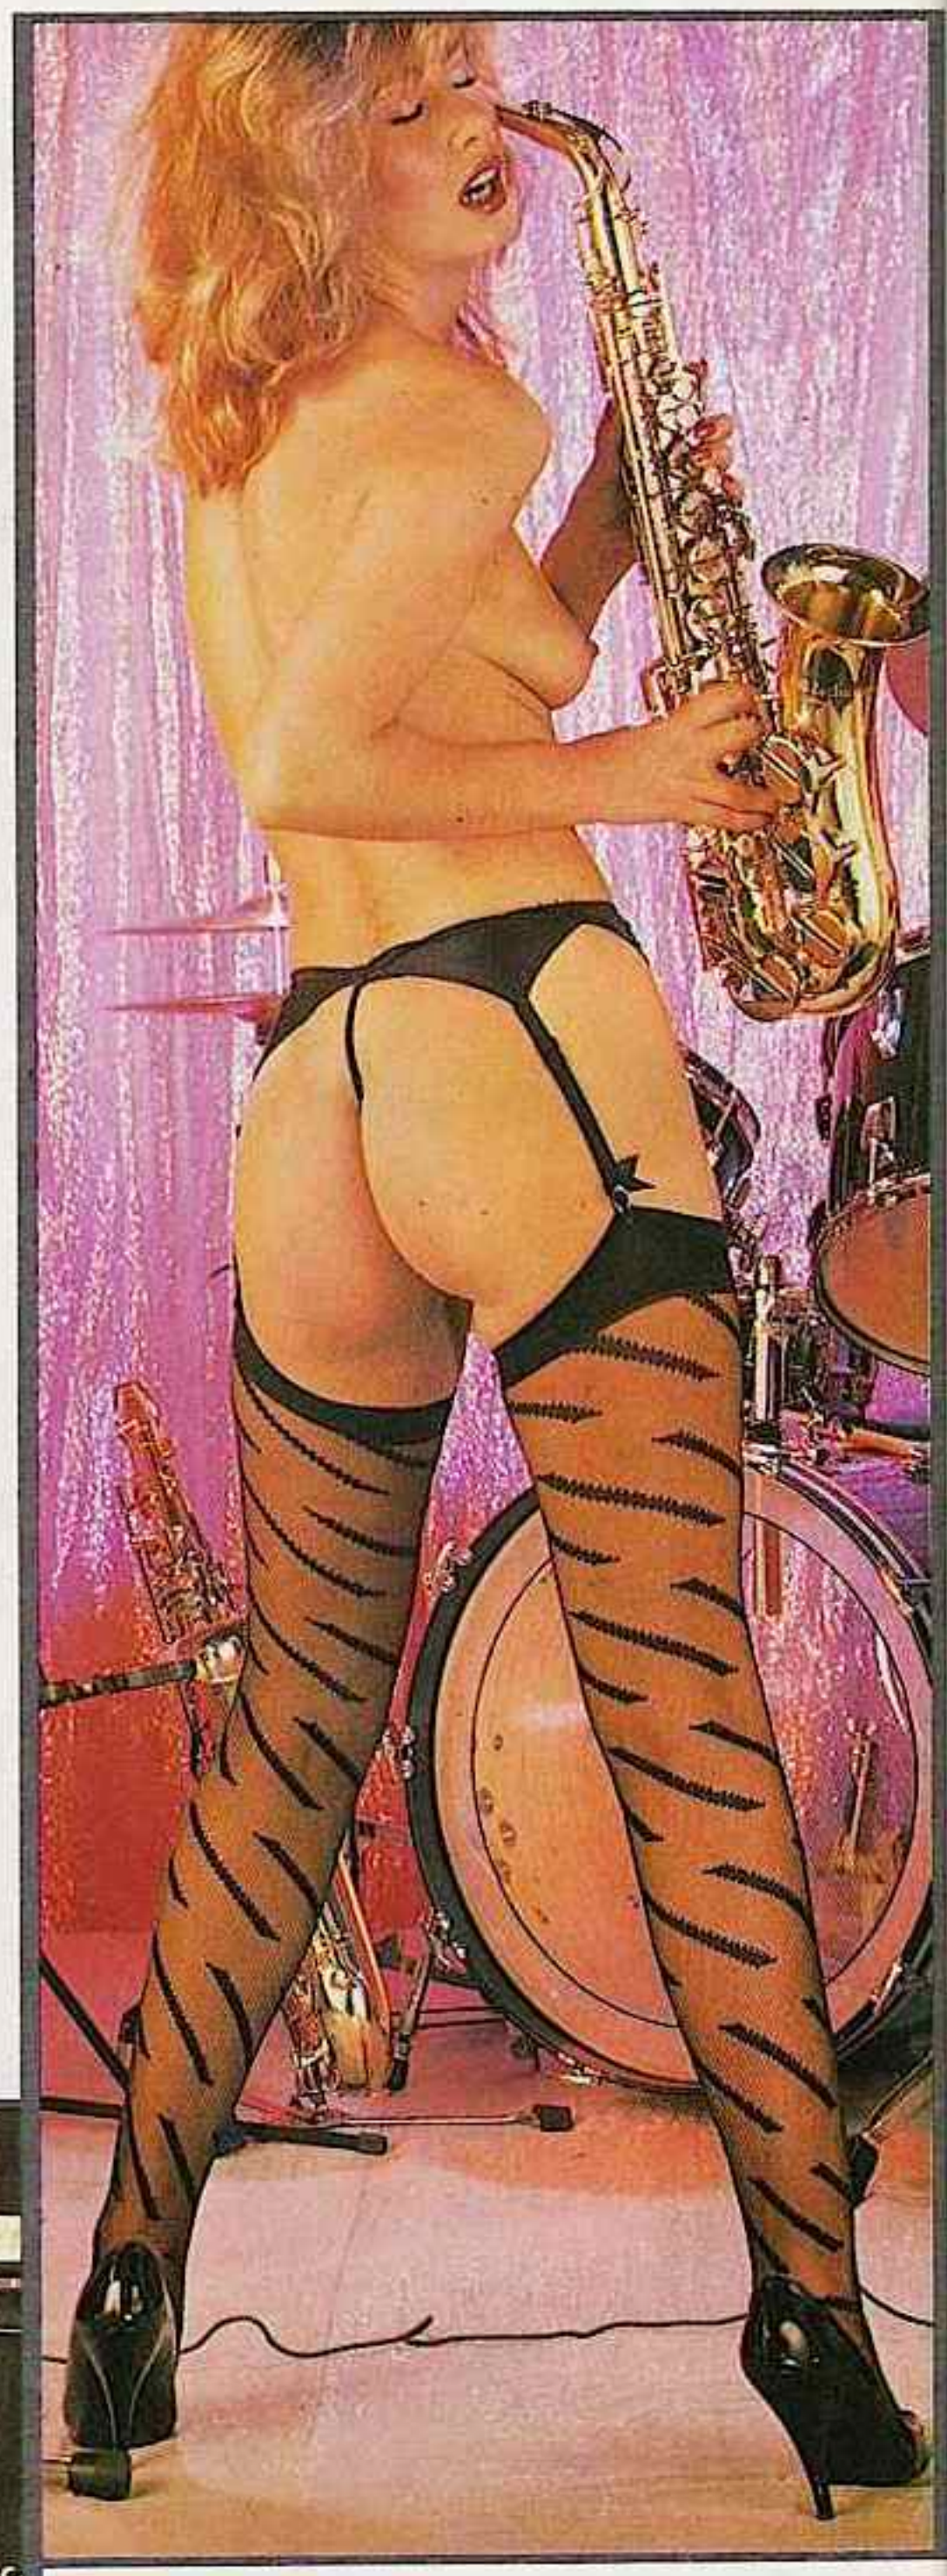


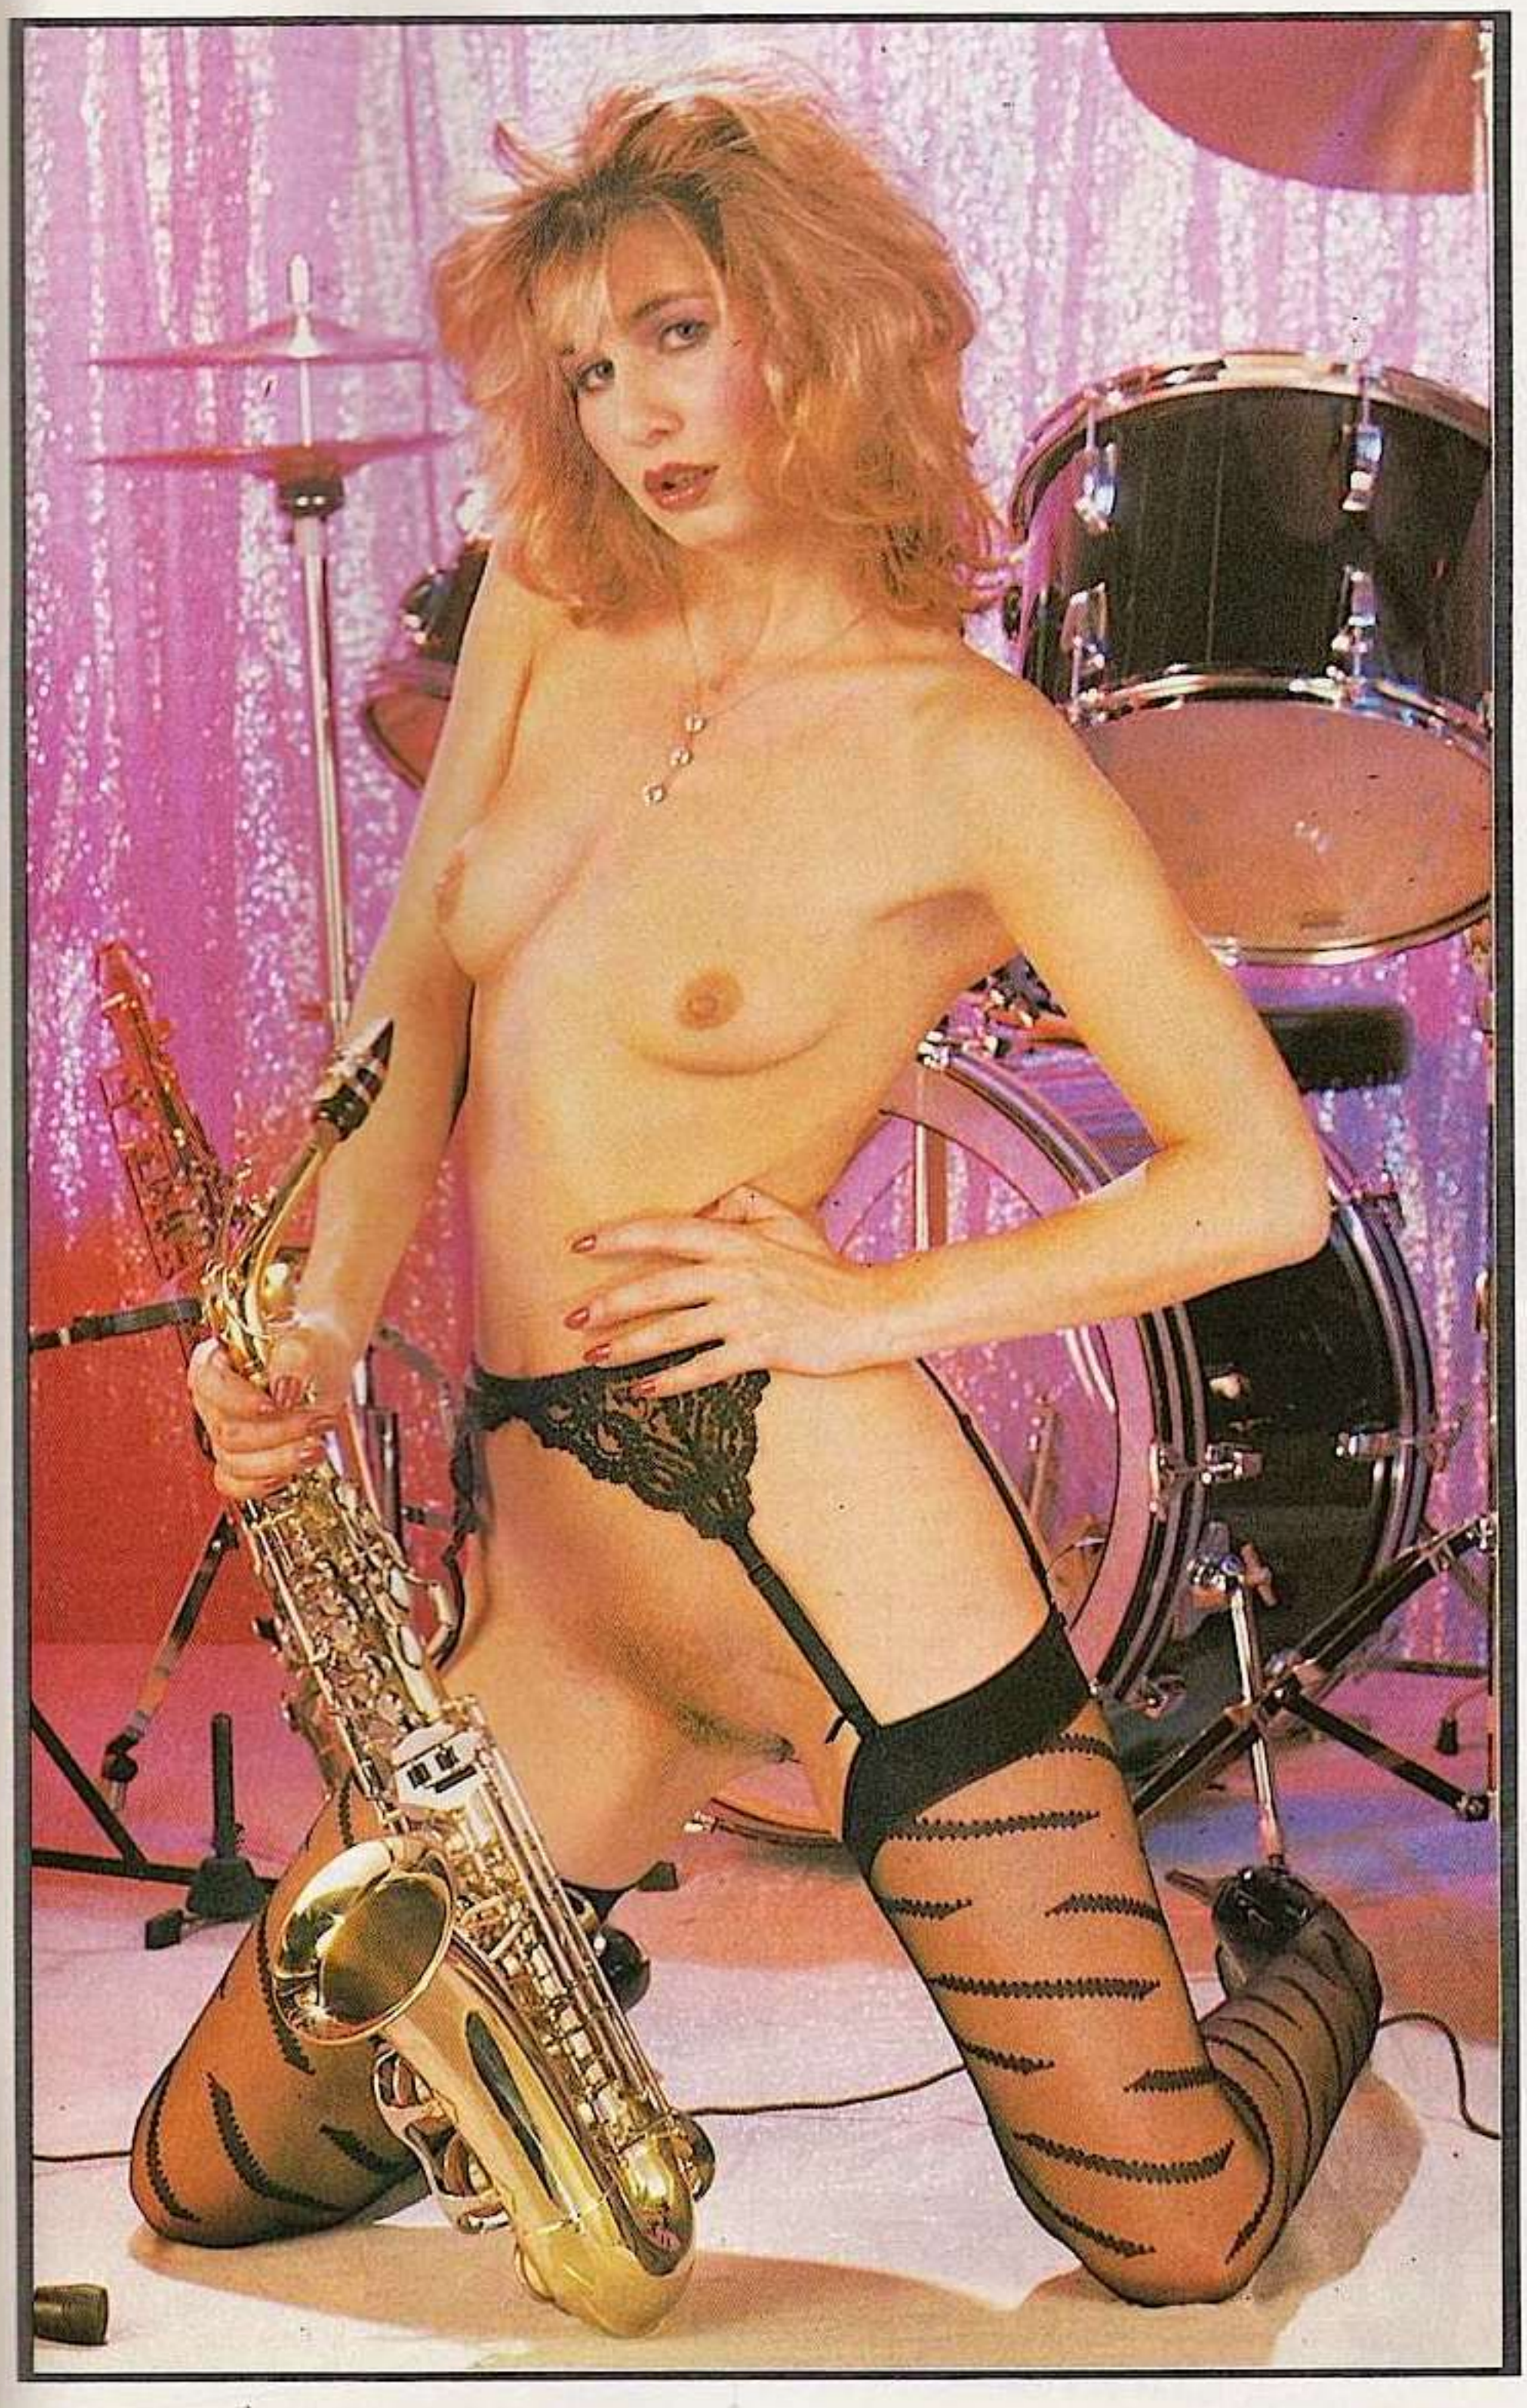
When's she's not playing in her part-time group of the pub circuit ("The Extremes" — and we bet she could be . . .) L-L works as a clerk in a Chartered Accountant's office.

Appearances can be deceptive!

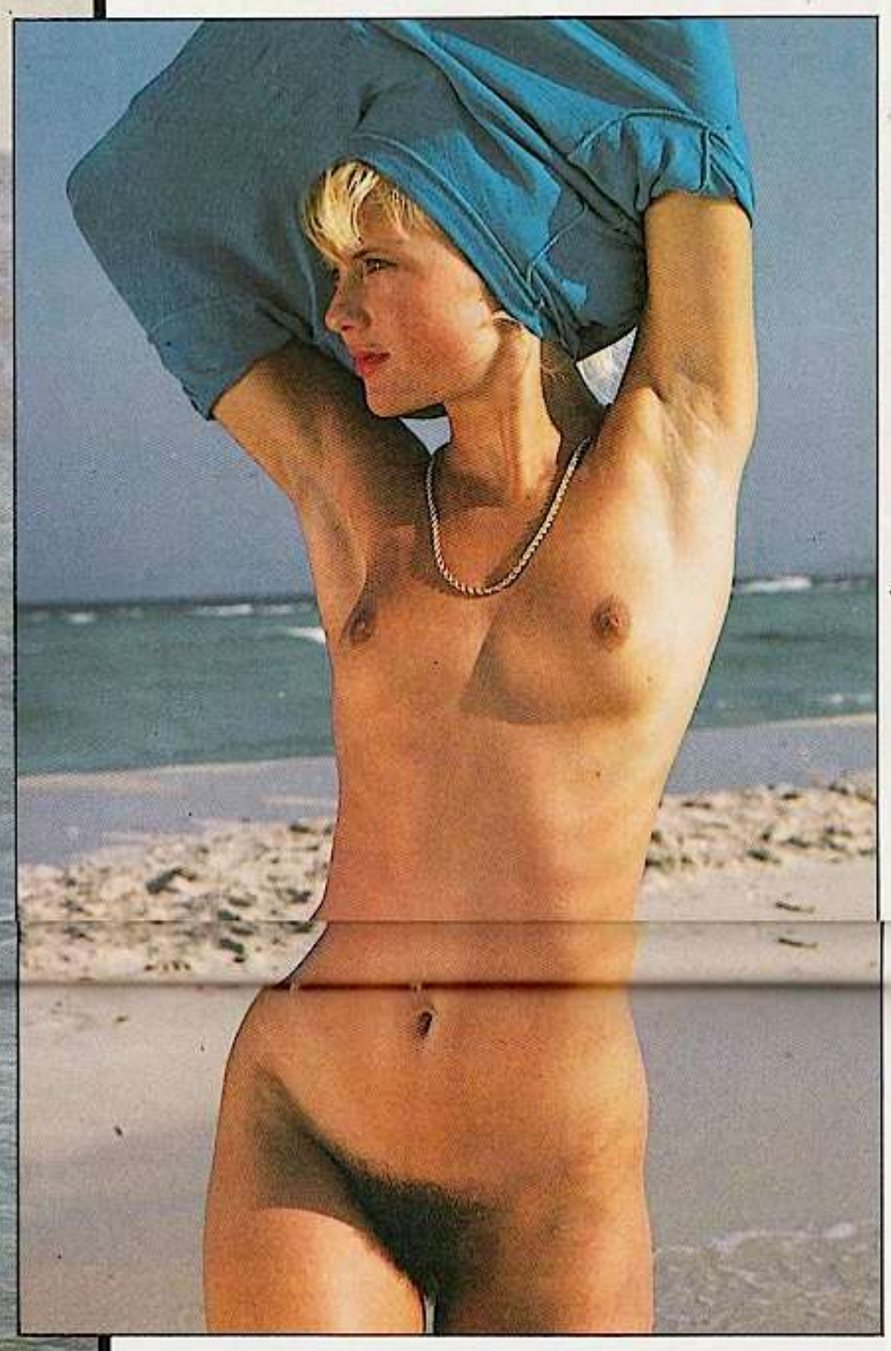








Susanna



How about this to whet your appetite for the summer to come? The lovely Susanna indulging in a bit of sun, sea and . . . messing around in boats.

Don't need to tell you that this isn't the U.K., though, it's actually the sunny coast of California where they don't seem to need to muffle up in old sweaters and oilskins to take to the water.

And in case there are any boaty types out there wondering why the International Code Flag "N" should be flying in the rigging . . . we don't know either. It means "No" or "Negative", and we certainly hope that Susanna isn't trying to tell us something . . .
